15. Multidisciplinary / interdisciplinary

All the courses offered under the different programs of UG/PG (Commerce and Hindustani Music) education in our institution are interdisciplinary in nature. Apart from this, value added, skill based, and outcome based courses introduced in our college are interdisciplinary. Students were informed about the useful multidisciplinary courses offered in online through SWAYAM, NPTEL,

MOOC platforms. Open Elective Courses (OEC), Skill Enhanced Courses (SEC), Discipline Specific Courses (DSC) listed by the affiliating university are informed to the students while admitting them to different programs.

The vision of the National Education Policy is to provide holistic and sustainable development of the students in the spheres of

academic and non-academic through critical thinking, collaboration, communication and creativity on the basis of universal foundational literacy, access, affordability, equality, quality and accountability. This instills pride and patriotism,

empathetic and

universal values in the students through the student centric education. Besides, our institution constituted a committee and

subcommittees headed by the HODs of their respective subjects for the effective implementation of the spirit and letter of the NEP 2020. This learning pedagogy is focused on pure learning through experience which fits perfectly with the goals set by the NEP of

developing creative innovation, problem solving, team work, strategic thinking, entrepreneurial skills, and more. Suitable curriculum with the updated academic standards is catered in the pursuit of excellence and quality in this institution. Adhering all the suggestions and recommendations given in the NEP 2020, the College strives hard systematically and scientifically in visualizing the vision.

16.Academic bank of credits (ABC):

The flexibility in all our academic programs will help the students to seek employment after any level of award and join back as and

when feasible to upgrade qualification. This will reduce the drop out rate and thus help to improve Gross Enrolment Ration (GER) in

higher education. Multiple entry and multiple exit options as per NEP 2020 are informed to the students who were enrolled during 2021-22. The affiliating university has issued circulars regarding individual academic bank accounts. We understand that ABC regulations will encourage a blended learning mode in which students will be allowed to earn credits. The students enrolled as per NEP guidelines can also get credit transfer for the courses offered by the MOOC etc. These additional courses offered will equip the

students with series of knowledge, aptitude etc. Abiding the NEP guidelines, every Discipline Specific Core (DSC) has four credits

whereas Ability Enhancement Compulsory Courses(AECC) and Open Elective Courses(OEC) carry three credits each. Skill Enhancement Courses carry one credit each, providing students flexibility with exit options. Generally one hour of teaching or tutorial fetches one credit (except languages) but two hours of practical will carry one credit. The weight-age of 40% is given for The Continuous Internal Assessment(CIA) whereas 60% for the final University exam. Since the beauty of the NEP 2020 lies in giving options for multiple entry and exit, a student with 50 credits after

completing one-year of Bachelor's programme can exit with a certificate course, with 100 credits after two years can obtain a Diploma Course, with 138 credits after three years can exit with a Bachelor's Degree and after four years with 180 credits can exit with an Honours Degree. Hence this option benefits all the students.

17.Skill development:

Skill development is a new component in all our courses. Our concern is to contribute for the skilled manpower to the country. Challenges of imparting the required skills amongst the stakeholders in at least one of the semesters will be achieved through tie-up a suitable agency or branch National Skill Development Corporation (NSDC). More weightage is given to introduce the courses involving language skills, communication skills, physical education activities, yoga, computer-assisted web-based learning, ethics and

self-awareness, enhancing scientific temper through eresources, social and environmental responsibility, civic sense, national

integration etc. NEP syllabi frame work is highly oriented towards skill inclusive education. The process of learning is based on

teaching, examination and evaluation gaining requisite knowledge, skill and attitude. Certain skills like cognitive, analytical,

employable, transferable communicative and soft skills are being inculcated to improve all round personality of the students in the

various domains, in the Skill Enhancement Courses. In this regard, Digital Fluency, Yoga, Health and Well- being, Cultural Activities

and Environmental Studies will be the part of student personality. In addition, college signed MOU with other educational institution,

Industries and other associations etc for the bright future settlement of our College students. Further, the students will be

groomed and enriched with digital or computing skills, team work, time-management, research skills, problem- solving, decision-making skills and so on.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

As per NEP introduced in Karnataka, the first state in the country, focus is now on knowledge system teaching integrating with

different local languages, tourism, socio-economic aspects, mass communication. History syllabus framework is rescheduled with traditional touch to historical and rich heritage sites. More of archaeological survey work is being considered under History subject

to promote students involvement in fieldwork. The due importance is given by the Government of Karnataka to the regional language and the same is made mandatory for all programs as Ability Enhancement Compulsory Course (AECC) as per NEP guidelines. In view of ethics, honesty and integrity, the students of this College have been exposed to the spiritual, religious and cultural activities being conducted time and again at our campus. Moreover, Ability Enhancement Compulsory Courses under NEP 2020, College teaches two languages English and Kannada or Hindi.

19. Focus on Outcome based education (OBE): Focus on Outcome based education (OBE):

The desired syllabus for all the courses under different programs are thoroughly revised by the affiliating university as per the

Choice Based Credit System (CBCS) guidelines of University
Grants Commission during year 2019-20. For all the courses with
effect from 2021-22, the structure and syllabi is designed and
developed as per CBCS in accordance with Learning Outcomes based
Curriculum Framework (LOCF) of NEP. Now for all the courses, the
course outcomes, program outcomes, program specific outcomes are
stated by the institution based on the LOCF. Now the tracking of
learning outcomes are under the progress for each student - Course
and Programme.

20.Distance education/online education:

During Covid-19 pandemic the teaching community were made to involve in online education by using different digital platforms such as Zoom meeting platform, Google meet, Microsoft Teams, Google classroom for online Classes. The internal examinations were conducted through online mode during lockdown. Webinars were organized on current relevant topics of national and international

importance. Many of our students along with other college students were benefitted about the information provided by the resource

persons. The college has enroll for online courses offered by NPTEL. All Our Efforts Are honest and Sincere by following the Guidelines of the Government of Karnataka and Karnataka State Akkamahadevi Women's University Vijayapura.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college follows the curriculum set by Karnataka State
Akkamahadevi Women's University. Teachers use library reference
books as well as internet resources to ensure efficient curriculum
implementation. Teachers also make efforts to organize seminars,
conferences and guest lecturers for pupils. Innovative teaching
methods, such as audiovisual tools, power point presentations were
used to deliver engaging and interesting lectures.

Along with these methods, field visits, industrial visits, projects, assignments, seminars, and debates are used to effectively integrate curriculum. The academic calendar and academic plan is prepared by the IQAC in consultation with the several departments.

The IQAC committee, under the direction of the principal, also prepares the college timetable. The principal allocates subjects and work based on qualifications and expertise. Teachers prepare an annual teaching plan for their individual subjects and keep a work dairy for it. Daily Diary kept by the teaching staff for their

particular topics and validated by the principal every month.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The university circulates an academic calendar for all programs ahead of each semester, outlining crucial dates such as the start of classes, the final day of classes and exam dates. Our college meticulously plans its activities, including Continuous Internal Evaluation (CIE), in alignment with this university calendar. After receiving the university's academic calendar, each department creates its own, detailing industry visits, guest lectures, workshops, and other co- and extracurricular events. All activities, including CIE and academic events, are conducted following this calendar unless unforeseen circumstances arise.

Department heads ensure syllabus coverage aligns with faculty lesson plans, with a predetermined syllabus for each CIE. Assignments, quizzes, seminars, and Internal Assessment examinations (IA) are integral components of CIE. The schedule for CIE is adhered to, following a predefined procedure. The department head and faculty approve the evaluation scheme before instructors design IA question papers based on the syllabus. Students are informed of the internal assessment test schedule, which is created and strictly followed by the examination department.

Ongoing assessments and evaluations include classwork, projects, and seminars. Laboratory course assessments focus on completing experiments, viva voce examinations, and record submissions. If the university alters the academic calendar, the institute makes necessary adjustments accordingly.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The university issues an academic calendar before each semester, detailing important dates like class start and end, internship schedules, and exams. Our college aligns its events, including Continuous Internal Evaluation (CIE), with the university's calendar. After receiving the university's calendar, each department creates its own, outlining industry visits, guest lectures, workshops, and extracurriculars. All activities, including CIE and academics, follow this calendar unless unforeseen circumstances arise.

Faculty benefit from the academic calendars to organize cocurriculars and courses. Department heads ensure syllabus coverage matches faculty plans, with a predetermined syllabus for each CIE. Assignments, quizzes, seminars, and Internal Assessment (IA) exams are crucial in CIE. CIE follows a set procedure as per the schedule. The department head and instructors approve the evaluation scheme, and instructors design IA question papers based on the syllabus. Students receive the IA test schedule, created and followed by the examination department.

Continuous assessments include classwork, projects, and seminars. Lab course assessments focus on experiment completion, viva voce, and record submissions. The Principal regularly monitors semester progress and offers recommendations through academic committee meetings. If the university alters the academic calendar, the institute adjusts accordingly.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The students come from diverse backgrounds and possess different learning abilities. The orientation program familiarizes students with various courses and their outcomes, internal assessment process and college facilities. Faculty members use a student- centric approach. In the first few classes, teachers as assess knowledge of students informally. Teachers use different techniques such lectures, discussions, quizzes, seminars, assignments, projects etc to stimulate the curiosity of fast learners. The slow learners are taken care of by initiatives like repetitive teaching of concepts, one to one interaction, peer learning. Continuous evaluation helps track the progress of students. Both medium of instruction is adopted in all classes as several students come from Kannada medium schooling. Students facing academic issues can approach their mentors or the teachers concerned. Advanced learners are guided to participate in challenging tasks, like carrying out research projects, forming academic societies, organizing webinars, taking special courses, and attending the seminars. However effective Mentor- Mentee system helps to guide the students individually and help them to solve their issue in learning and exploring opportunities for achieving excellence.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The institution follows a transparent and robust mechanism in systematic conduct of internal assessment. The internal assessment

Page 21/112 23-04-2024 08:45:12

is monitored by an examination committee. The examination committee informs the students accordingly and conducts the internal assessments as per schedule. The department heads then initiate a meeting to discuss the proceedings in detail focusing on frequency, mode of assessment, and timelines for the internal examination. An orientation session on internal assessment is conducted by the subject teachers. As per the schedule, the Internal examination committee sends a circular to all the paper setters before commencement of the internal assessment. The question papers received are confidentially maintained and then reviewed by the internal examination committee. Subsequently a notification is posted on the notice boards to intimate the students and faculties of the schedule. After the completion of the exam the scripts are submitted to the all faculty members and distributed for evaluation. The evaluated scripts are shown to students for performance discussions. Finally consolidated marks are uploaded on the university portal.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Continuous evaluation forms the backbone of the process of evaluating whether course outcomes are being achieved. Through the tests, presentations, quizzes and other forms of evaluation, the teachers monitor the progress of students in their respective courses. In addition, at the end of an academic year, the results are compiled to study program outcomes in terms of pass percentage as well as range of grades achieved by students. The course outcomes

and programme specific outcomes have been properly mapped with the programme outcomes. These outcomes were prepared in align with the vision and mission of the college. The attainment of the outcome is evaluated from different assessment methods. All the assessments are connected to the stated outcomes of both programmes and courses. Different internal assessments have been linked to different outcomes and the contribution of each assessment component towards each course outcome is also well defined. The internal examinations are conducted with the support of question papers and the contribution of each question towards different course and programme outcomes are also defined in the syllabus.

3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Extension activities like KargilVijayotsava, Shramdhana, YuvaSamavesha, Eye Check-up camps, and Voting Awareness Day, along with classes from departments like History, English, and Hindi, have a profound impact on students' holistic development and their understanding of social issues.

Through KargilVijayotsava, students grasp the sacrifices made by soldiers, instilling patriotism and a sense of duty towards national security. Shramdhana involves students in community development, fostering empathy for underprivileged communities and highlighting issues like poverty and education. YuvaSamavesha provides a platform for discussing critical social issues such as environmental conservation and civic responsibilities.

Eye Check-up camps not only promote physical health but also emphasize healthcare access and preventive measures. Voting Awareness Day educates students on the electoral process, empowering them as responsible citizens.

The classes in English deepen understanding of language skills. Participation in NSS, NCC, and YRC fosters leadership, teamwork, and a sense of social responsibility.

Overall, these activities create awareness, empathy, and a commitment to social causes. They develop essential skills like communication, leadership, and problem-solving, vital for personal growth. Moreover, they encourage civic engagement and cultural appreciation, shaping well-rounded individuals ready to contribute positively to society.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The college stands as a beacon of academic excellence, equipped with ample physical and academic resources meticulously aligned with University Grants Commission guidelines to accommodate a diverse range of programs. Nestled within a sprawling 1.07-acre campus, the institution boasts a 3600.74 sq. ft. building housing well-appointed classrooms, seminar halls, computing facilities, and internet connectivity. Complementing these assets is a dedicated playground fostering sports activities, emblematic of the college's commitment

to holistic development, bolstered by initiatives from the National Service Scheme, National Cadet Corps, and Red Cross.

Pioneering cleanliness and maintenance, the campus undergoes continual infrastructure upgrades to meet student needs and uphold university standards. Oversight from a dedicated committee ensures the effective maintenance and enhancement of facilities, optimizing the teaching and learning environment. Noteworthy amenities include 21 well-furnished classrooms featuring diverse board types, LCD projectors, and internet-enabled computers. Specialized labs in Computer Science, Psychology, Language, Music, and Commerce, each equipped with LAN-connected computers, complement a comprehensive library offering reference materials, periodicals, and e-library services. Moreover, backup power systems, office automation tools, and well-ventilated auditoriums and seminar halls equipped with ICT facilities collectively enhance the teaching-learning experience, nurturing academic excellence and holistic development within the institution.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The college maintains a pristine campus spanning 1.07 acres of lush greenery, fostering a serene environment conducive to learning. Committed to nurturing students' holistic development, the management prioritizes sports and cultural activities, providing ample opportunities for participation and recognition.

A spacious hall is dedicated to indoor games, complemented by a well-equipped 12-station multi-gym offering facilities for various activities such as Table Tennis, Chess, Weightlifting, Powerlifting, and Carom. Qualified staff oversee daily sports operations and coach college teams participating in national, state, and university-level competitions. While sports events were halted during the pandemic, the college supports sportswomen with incentives like fee concessions and free hostel stays.

Expert coaches are invited to train students, and a well-stocked sports room allows leisure-time activities. Outdoor sports like

Shuttle Badminton, Volleyball, Kabaddi, and Athletics are also popular among students.

Cultural events, including Annual Day Celebrations, Fresher's Day, and Induction and Farewell Programs, are integral to the college's calendar. Committees like Literary Clubs, Cultural Committees, and Sports & Games Committees actively cultivate students' talents. The college utilizes a spacious auditorium and quadrangle for hosting various cultural competitions and activities, enriching the overall college experience.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

Our institution has a strong ICT infrastructure, ensuring a technologically enriched learning environment across 21 classrooms. Each classroom is equipped with LCD projectors and computers

featuring Wi-Fi connectivity, fostering a seamless integration of technology into daily lessons. The presence of a podium in each room enhances teaching dynamics, we have three smart boards. Classroom facilitates interactive and engaging lessons.

The heart of our technological prowess lies in our computer labs, comprising 82 computers for student use. These labs are equipped with air conditioning for optimal comfort, along with LCD projectors for swift and effective demonstrations. A dedicated UPS system ensures uninterrupted learning, safeguarding against power disruptions. Moreover, our commitment to language proficiency and independent research is evident in our language lab and digital library. Both facilities, supported by internet connectivity, empower students to enhance language skills and explore a vast repository of digital resources. In essence, our institution's ICT facilities, from smart boards and computer labs to language labs and digital libraries, create a conducive environment for comprehensive learning, preparing students for success in the digital age.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

The college has established a small yet vibrant medicinal plants garden within the campus. This garden serves not only as a picturesque addition to the college landscape but also as an educational resource and a hub for promoting the importance of herbal medicine and sustainability. Though ours is an Arts and Commerce College, we have taken uses this distinct initative.

The following are the objectives

- The primary objective of setting up the medicinal plants garden is to create awareness among students, faculty, about the significance of medicinal plants in healthcare and the environment.
- 2. This initiative aims to encourage research in herbal medicine, and provide a hands-on learning experience for students.
- 3. Awareness about the nature's gift to mankind and also motivate and train the students about the rich natural resources available.

The few names of medicinal plants in our campus are

Stevia, Lamiaceae, Asparagus Racemosus, Souropus androgynous Euphorbiaceae, Andrographis paniculata, Tabernaemontann divaricate, Eclipta alba Asteraceae, Zingiberaceae, Bryophyllumpinnatum, Acorus calamus, Ruta Chalepensis, Abrus Precatorius etc

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The college follows the curriculum set by Karnataka State
Akkamahadevi Women's University. Teachers use library reference
books as well as internet resources to ensure efficient
curriculum implementation. Teachers also make efforts to organize
seminars, conferences and guest lecturers for pupils. Innovative
teaching methods, such as audiovisual tools, power point
presentations were used to deliver engaging and interesting
lectures.

Along with these methods, field visits, industrial visits, projects, assignments, seminars, and debates are used to effectively integrate curriculum. The academic calendar and academic plan is prepared by the IQAC in consultation with the several departments.

The IQAC committee, under the direction of the principal, also prepares the college timetable. The principal allocates subjects and work based on qualifications and expertise. Teachers prepare an annual teaching plan for their individual subjects and keep a work dairy for it. Daily Diary kept by the teaching staff for their particular topics and validated by the principal every month.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The university circulates an academic calendar for all programs ahead of each semester, outlining crucial dates such as the start of classes, the final day of classes and exam dates. Our college meticulously plans its activities, including Continuous Internal Evaluation (CIE), in alignment with this university calendar.

23-04-2024 08:45:13

After receiving the university's academic calendar, each department creates its own, detailing industry visits, guest lectures, workshops, and other co- and extracurricular events. All activities, including CIE and academic events, are conducted following this calendar unless unforeseen circumstances arise.

Department heads ensure syllabus coverage aligns with faculty lesson plans, with a predetermined syllabus for each CIE. Assignments, quizzes, seminars, and Internal Assessment examinations (IA) are integral components of CIE. The schedule for CIE is adhered to, following a predefined procedure. The department head and faculty approve the evaluation scheme before instructors design IA question papers based on the syllabus. Students are informed of the internal assessment test schedule, which is created and strictly followed by the examination department.

Ongoing assessments and evaluations include classwork, projects, and seminars. Laboratory course assessments focus on completing experiments, viva voce examinations, and record submissions. If the university alters the academic calendar, the institute makes necessary adjustments accordingly.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The university issues an academic calendar before each semester, detailing important dates like class start and end, internship schedules, and exams. Our college aligns its events, including Continuous Internal Evaluation (CIE), with the university's calendar. After receiving the university's calendar, each department creates its own, outlining industry visits, guest lectures, workshops, and extracurriculars. All activities, including CIE and academics, follow this calendar unless unforeseen circumstances arise.

Faculty benefit from the academic calendars to organize cocurriculars and courses. Department heads ensure syllabus coverage matches faculty plans, with a predetermined syllabus for each CIE. Assignments, quizzes, seminars, and Internal Assessment (IA) exams are crucial in CIE. CIE follows a set procedure as per the schedule. The department head and instructors approve the evaluation scheme, and instructors design IA question papers based on the syllabus. Students receive the IA test schedule, created and followed by the examination department.

Continuous assessments include classwork, projects, and seminars. Lab course assessments focus on experiment completion, viva voce, and record submissions. The Principal regularly monitors semester progress and offers recommendations through academic committee meetings. If the university alters the academic calendar, the institute adjusts accordingly.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The students come from diverse backgrounds and possess different learning abilities. The orientation program familiarizes students with various courses and their outcomes, internal assessment process and college facilities. Faculty members use a student-centric approach. In the first few classes, teachers as assess knowledge of students informally. Teachers use different techniques such lectures, discussions, quizzes, seminars, assignments, projects etc to stimulate the curiosity of fast learners. The slow learners are taken care of by initiatives like repetitive teaching of concepts, one to one interaction, peer learning. Continuous evaluation helps track the

by initiatives like repetitive teaching of concepts, one to one interaction, peer learning. Continuous evaluation helps track the progress of students. Both medium of instruction is adopted in all classes as several students come from Kannada medium schooling. Students facing academic issues can approach their mentors or the teachers concerned. Advanced learners are guided to participate in challenging tasks, like carrying out research projects, forming academic societies, organizing webinars, taking special courses, and attending the seminars. However effective Mentor- Mentee system helps to guide the students individually and help them to solve their issue in learning and exploring opportunities for achieving excellence.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The institution follows a transparent and robust mechanism in systematic conduct of internal assessment. The internal assessment is monitored by an examination committee. The examination committee informs the students accordingly and conducts the internal assessments as per schedule. The department heads then initiate a meeting to discuss the proceedings in detail focusing on frequency, mode of assessment, and timelines for the internal examination. An orientation session on internal assessment is conducted by the subject teachers. As per the schedule, the Internal examination committee sends a circular to

Page 70/112 23-04-2024 08:45:13

all the paper setters before commencement of the internal assessment. The question papers received are confidentially maintained and then reviewed by the internal examination committee. Subsequently a notification is posted on the notice boards to intimate the students and faculties of the schedule. After the completion of the exam the scripts are submitted to the all faculty members and distributed for evaluation. The evaluated scripts are shown to students for performance discussions. Finally consolidated marks are uploaded on the university portal.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

Continuous evaluation forms the backbone of the process of evaluating whether course outcomes are being achieved. Through the tests, presentations, quizzes and other forms of evaluation, the teachers monitor the progress of students in their respective courses. In addition, at the end of an academic year, the results are compiled to study program outcomes in terms of pass percentage as well as range of grades achieved by students. The course outcomes and programme specific outcomes have been properly mapped with the programme outcomes. These outcomes were prepared in align with the vision and mission of the college. The attainment of the outcome is evaluated from different assessment methods. All the assessments are connected to the stated outcomes of both programmes and courses. Different internal assessments have been linked to different outcomes and the contribution of each assessment component towards each course outcome is also well defined. The internal examinations are conducted with the support of question papers and the contribution of each question

towards different course and programme outcomes are also defined in the syllabus.

3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Extension activities like KargilVijayotsava, Shramdhana, YuvaSamavesha, Eye Check-up camps, and Voting Awareness Day, along with classes from departments like History, English, and Hindi, have a profound impact on students' holistic development and their understanding of social issues.

Through KargilVijayotsava, students grasp the sacrifices made by soldiers, instilling patriotism and a sense of duty towards national security. Shramdhana involves students in community development, fostering empathy for underprivileged communities and highlighting issues like poverty and education. YuvaSamavesha provides a platform for discussing critical social issues such as

environmental conservation and civic responsibilities.

Eye Check-up camps not only promote physical health but also emphasize healthcare access and preventive measures. Voting Awareness Day educates students on the electoral process, empowering them as responsible citizens.

The classes in English deepen understanding of language skills. Participation in NSS, NCC, and YRC fosters leadership, teamwork, and a sense of social responsibility.

Overall, these activities create awareness, empathy, and a commitment to social causes. They develop essential skills like communication, leadership, and problem-solving, vital for personal growth. Moreover, they encourage civic engagement and cultural appreciation, shaping well-rounded individuals ready to contribute positively to society.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning. viz., classrooms, laboratories, computing equipment etc.

The college stands as a beacon of academic excellence, equipped with ample physical and academic resources meticulously aligned with University Grants Commission guidelines to accommodate a diverse range of programs. Nestled within a sprawling 1.07-acre campus, the institution boasts a 3600.74 sq. ft. building housing well-appointed classrooms, seminar halls, computing facilities, and internet connectivity. Complementing these assets is a dedicated playground fostering sports activities, emblematic of the college's commitment to holistic development, bolstered by initiatives from the National Service Scheme, National Cadet Corps, and Red Cross.

Page 78/112 23-04-2024 08:45:13

Pioneering cleanliness and maintenance, the campus undergoes continual infrastructure upgrades to meet student needs and uphold university standards. Oversight from a dedicated committee ensures the effective maintenance and enhancement of facilities, optimizing the teaching and learning environment. Noteworthy amenities include 21 well-furnished classrooms featuring diverse board types, LCD projectors, and internet-enabled computers. Specialized labs in Computer Science, Psychology, Language, Music, and Commerce, each equipped with LAN-connected computers, complement a comprehensive library offering reference materials, periodicals, and e-library services. Moreover, backup power systems, office automation tools, and well-ventilated auditoriums and seminar halls equipped with ICT facilities collectively enhance the teaching-learning experience, nurturing academic excellence and holistic development within the institution.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The college maintains a pristine campus spanning 1.07 acres of lush greenery, fostering a serene environment conducive to learning. Committed to nurturing students' holistic development, the management prioritizes sports and cultural activities, providing ample opportunities for participation and recognition.

A spacious hall is dedicated to indoor games, complemented by a well-equipped 12-station multi-gym offering facilities for various activities such as Table Tennis, Chess, Weightlifting, Powerlifting, and Carom. Qualified staff oversee daily sports operations and coach college teams participating in national, state, and university-level competitions. While sports events were halted during the pandemic, the college supports sportswomen with incentives like fee concessions and free hostel stays.

Expert coaches are invited to train students, and a well-stocked sports room allows leisure-time activities. Outdoor sports like Shuttle Badminton, Volleyball, Kabaddi, and Athletics are also popular among students.

Cultural events, including Annual Day Celebrations, Fresher's Day, and Induction and Farewell Programs, are integral to the college's calendar. Committees like Literary Clubs, Cultural Committees, and Sports & Games Committees actively cultivate students' talents. The college utilizes a spacious auditorium and quadrangle for hosting various cultural competitions and activities, enriching the overall college experience.

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Library is automated by using Integrated Library management System (ILMS), Library is fully computerized with e-Lib software version 16.2. Since 2006, we are using Licensed e-Lib Management Software. It is an Integrated Library Management Software (ILMS) which is multi-user, multilingual and GUI (Graphical User Interface) based software. It helps the Librarian to manage the library effectively and systematically. The key features of ''e-Lib'' software:

- The acquisition section has easy cataloging system.
- Supports Bar Code Technology which will help in circulation and stock verification.
- Customized Identity Cards generation with barcode.
- Independent search engine OPAC with key word search.
- Digital signature / slip for circulations.
- Reports using Graphical, Summary, Statistical.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

Our institution has a strong ICT infrastructure, ensuring a technologically enriched learning environment across 21 classrooms. Each classroom is equipped with LCD projectors and computers featuring Wi-Fi connectivity, fostering a seamless integration of technology into daily lessons. The presence of a podium in each room enhances teaching dynamics, we have three smart boards. Classroom facilitates interactive and engaging lessons.

The heart of our technological prowess lies in our computer labs, comprising 82 computers for student use. These labs are equipped with air conditioning for optimal comfort, along with LCD projectors for swift and effective demonstrations. A dedicated UPS system ensures uninterrupted learning, safeguarding against power disruptions. Moreover, our commitment to language proficiency and independent research is evident in our language lab and digital library. Both facilities, supported by internet connectivity, empower students to enhance language skills and explore a vast repository of digital resources. In essence, our institution's ICT facilities, from smart boards and computer labs to language labs and digital libraries, create a conducive environment for comprehensive learning, preparing students for success in the digital age.
